

MAI LIMITED LIFETIME WARRANTY

We take great pride in offering the best products and warranty, and treat all our customers as if we were the customer. We hold ourselves and our products to the highest standards and promote excellence, performance and honesty. Most MAI products come with a lifetime warranty regardless of the number of shifts.

MAI (hereinafter referred to as the Company) warrants to the original end user that each of its Products is free from defects in material and workmanship for as long as the original end user owns the products unless as otherwise noted below. Such warranty is limited to repair or replacement, at the Company's option, of any Products which, under normal use in accordance with the Company's published instruction, proves to be defective. Damage arising from misuse, accidents or normal wear and tear is excluded from this warranty.

This warranty does not apply to damage caused by carrier, alterations to product, nor to products considered to be of a consumable nature such as bulbs, light ballasts, and surge suppression products. It also does not apply to Customer's Own Material. The Company does not warranty the matching of color, grain or texture, except to within commercially acceptable standards.

Seller warrants any installation of its Products performed by Seller or its subcontractors to be free from defects in workmanship for a period of one year from the date installation is completed. Jobsite is to be free and clear of other trade during installation. Any damages that occur as a result of other trade(s) will be the responsibility of the Customer/General Contractor.

Buyer's sole remedy pursuant to the foregoing warranties is limited to repair or replacement, at the option of Seller, FOB its plant, of products or work which prove to be defective within the applicable warranty period, except that labor is not provided without charge by Seller for any warranty claim made after the first year of any warranty period. The remedy contained in this paragraph is hereby expressly agreed to be exclusive. Buyer may be required to establish that a warranty claim is within the warranty period by producing the invoice for the product or such other evidence as may be reasonably satisfactory to Seller.

There are no other warranties except as expressly set forth above in this "warranties" section with respect to products or services provided pursuant to this agreement, either expressed or implied, including any warranty of merchantability or fitness for any particular purpose. The Company will not be responsible for consequential, economic or incidental damages arising from product defects.

EXCEPTIONS TO LIFETIME WARRANTY

Architectural Walls ¹	10 years
Electrical Components	10 years
Telecomm Hardware	5 years
Seating	10 years (except pneumatic cylinders and casters)
Pneumatic Cylinders	5 years
Casters	5 years
Worksurfaces	10 years
